SUPER MARIO 64 HD – In Unity!
Sources

Code Libraries

Super Character Controller - Erik Ross (me) https://roystanross.wordpress.com/
iTween – PixelPlacement http://itween.pixelplacement.com/index.php
cInput v1.4 - http://roidz.weebly.com/

Art

Mario (Mesh only) – Super Mario Galaxy, Nintendo
Goomba (Mesh only) – Super Mario Galaxy, Nintendo
Power Star – Super Mario Galaxy, Nintendo

All other remaining meshes and textures were built by me. In addition, all animations, including Mario,
the Goomba, and the Bob-omb, were done by me.

Sound

Various – Mario 64, Mario Galaxy, Mario Sunshine, Link to the Past (ice sound)
Others were retrieved from http://www.freesound.org/
